REFRIGERATING UNIT IN THE FORM OF MONOBLOCK

The unit located outside the chamber facilitates access, maintenance and cleaning of refrigerating system.

PRO ECOLOGICAL REFRIGERANT R290

It is more productive and concentrated, saves energy consumption and reduces the appliance's noise level.

CERTIFIED STAINLESS STEEL

All our cooling products are made of certified stainless steel, including internal chamber and shelf guides. It ensures highest level of hygiene and safety.

TOUCH CONTROL PANEL

Touch control panel with automatic ECO function and sealing in IP65 standard. Energy consumption is optimized by proper management of compressor work and fans in cooling system

INCREASED CAPACITY

The interior without fan significantly increases the chamber's net capacity, ensures better use of space inside the stainless refrigerator.
